

nc
Niagara
College
Canada
APPLIED DREAMS.

Main Entrance

2011

Introduction:-

- A focused curriculum provides students with a comprehensive understanding of supply chains, logistics management, related technology, and business processes.
- Graduates can pursue professional accreditations through associations such as The Canadian Institute for Traffic and Transportation, (CITT) and the Association for Supply Chain Management (ASCM).
- Students will partner with organizations, using course competencies to address real-world problems.
- Applied research is present throughout the program, culminating with a capstone course in the final term.
- Software-based simulations provide learners with competencies in team-based, real-time, competitive business scenarios.
- Program is a member of the SAP University Alliance, a global business provider of integrated enterprise resource planning software.
- Graduates of this program will be granted advanced standing toward the [Certified Supply Chain Management Professional \(CSCMP\) designation](#).

Location and Advantage:-

- 1. Proximity to Industry Hubs:** Being close to industry hubs can provide students with enhanced opportunities for internships, co-op programs, and connections with potential employers.
- 2. Quality of Life:** Consider the overall quality of life in the location, including factors such as cost of living, safety, and cultural amenities.
- 3. Networking Opportunities:** Larger cities or regions with a strong business presence often offer more networking opportunities for students to connect with professionals in their field.
- 4. Campus Facilities:** Assess the facilities and resources available on campus, such as libraries, laboratories, and recreational areas.
- 5. Community and Diversity:** Consider cultural diversity and community engagement in the area. A diverse community can contribute to a rich learning experience.
- 6. Outdoor and Recreational Opportunities:** Some locations offer unique outdoor or recreational activities, contributing to a well-rounded student experience.

Alumni Network

- 1. Alumni Office or Association:** Contact the alumni office or association directly. They can provide detailed information about the alumni network, upcoming events, and ways to stay connected.
- 2. Social Media Platforms:** Check if the college or university has official social media pages or groups dedicated to alumni. These platforms can be used to share updates, organize events, and connect with fellow graduates.
- 3. Networking Events:** Attend any alumni networking events organized by the institution. These events are excellent opportunities to meet other alumni and learn more about the activities and services offered by the network.
- 4. Contacting Alumni Relations:** If you have specific questions or if you are looking for a particular type of support from the alumni network, consider reaching out to the alumni relations office for guidance.

Careers and placements:-

- 1.Cooperative Education (Co-op) Programs:** Niagara College is known for its emphasis on experiential learning through co-op programs. These programs provide students with practical work experience related to their field of study, enhancing their employability upon graduation.
- 2.Career Services:** The college typically offers career services to assist students in developing their resumes, preparing for interviews, and connecting with potential employers. The career services department may also organize job fairs, networking events, and workshops to support students in their job search.
- 3.Industry Connections:** The college often establishes strong ties with local industries and employers. This can lead to increased opportunities for internships, co-op placements, and potential job offers for graduates.
- 4.Alumni Network:** Graduates of Niagara College become part of an alumni network that can offer ongoing support in terms of mentorship, networking opportunities, and job leads.
- 5.Job Placement Rates:** Some programs at the college may have specific job placement rates, indicating the percentage of graduates who secure employment in their field shortly after completing their studies. This information may be available through the college's official publications or the career services department.

Application Requirements:-

- Ontario College Diploma (or equivalent) **OR** Bachelor's Degree
